

I'm not going to sleep tonight!

**Please let me be, please leave
me.**

**I'm not going to sleep tonight.
The owl is hooting up a sight, but
I'm not going to sleep tonight.
I don't care if the whole country
is tucked in tight, just let me be,
I'm not going to sleep tonight.
Not even if you hang me by a
hook, I wouldn't do anything,
but I'm not going to sleep
tonight.**
