

## Real Estate Portfolio of the Solar System

You work for a large real estate company and you make dreams come true! You can sell anyone a piece of property even if it is on a different planet! You have decided to look at the nine planets and their moons, comets, asteroids, and meteoroids to determine if one or all may be a potential piece of property for you to sell.

You will provide information about the 9 planets and their moons, comets, asteroids, and meteoroids. Each will be on a separate page with a picture illustrating the beauty of the potential property.

Information for each potential property:

_____	Position of each in the solar system
_____	Planet type: metallic rocky, icy or gaseous
_____	Composition: what is it made of?
_____	Atmospheres, clouds, winds
_____	Temperatures: ranges
_____	Size
_____	Revolution times
_____	Rotation information
_____	Special features (volcanoes, rings, etc.)

- ◆ The text must be in your own words! (Not computer cut and paste)
- ◆ There is no specific length: Impress me!
- ◆ Table of contents in the front of your portfolio.
- ◆ Use a separate page for each part of the solar system
- ◆ A picture of each planet, comets, asteroids, and meteoroids
- ◆ Bibliography
- ◆ See scoring guide for grade
