

Native American Tribes

Project Information

1. Each student is to research the tribe that is given to them.
2. They are to find 15 interesting facts about them.
3. The facts need to include the lifestyle of the Indians such as dress, homes, traditions, etc... as well as location. I want the information to be dated back to the 1800 - 1900 time period. I do not want information about them today.
4. They are to list the facts on a sheet, please type them.
5. They are then to include as many pictures as possible.
6. No internet articles will be accepted!
I only want things in the students own words.
7. Please put the information in a folder or report cover.
8. Students may bring in anything extra they would like or make anything for extra points.
9. They will present their project and tell the facts about their tribe on the day it is due.
