

PLANT-ASTIC TREATS

How to make a plant-astic treat.

1. Use scissors to cut four or five petal shapes from the Fruit Roll-Ups snack. Arrange them on the waxed paper in a flower shape. These are your **PETALS**.
2. Dip one end of the Twizzlers piece in the water and shake the yellow sprinkles on the end. Lay this in the middle of the petals to represent the **PISTIL** and **STIGMA**.
3. Place a mini M&M's candy in the marshmallow half as shown. Position the marshmallow at the base of the Pistil to represent the **OVARY** and **OVULE**.
4. Cut a piece of red sting licorice into two pieces. Dip one end of each piece in the water and then shake the sprinkles. Place one piece on each side of the pistil to represent the **STAMEN** and **ANTHER**.
